

**The Rockin' Adventures of Peter Rabbit**  
**Writing Activities**

1. Peter Rabbit always had an explanation for why he repeatedly returned to the McGregor's Farm. If you were Mama Rabbit, what would you do with Peter and his disrespectful misbehavior? Mrs. McGregor probably had some suggestions. Write the letter Mrs. McGregor would send to Mama. Rabbit about Peter's actions. Explain why this has been stressful for Mr. McGregor, and include some helpful suggestions that she would give to Mama. Rabbit that would improve Peter's behavior and keep him out of the next pie.

2. *With just a little help from my friends...* Benjamin Bunny and Peter were able to accomplish an enormous task. They worked together to dismantle the scarecrow so that Peter could get his clothes and most importantly, his father's guitar.

Was there ever a time that you worked closely with your family, friends, or classmates to undertake a big job or project? What was the activity? Could one person have completed this task alone? What were the different responsibilities needed to accomplish it? How were they divided up? Did you enjoy working together? Did you all work well together? Write about this experience. Include as many details as you can remember.

3. Peter's dream to "follow in his father's footsteps" and become a singer, almost cost him his life. Do you believe that Peter had talent or was he just fooling himself? What would he have to do to demonstrate his true ability to his family? Were there safer ways he could have used to develop his talent and not risk his life?

Write a plan of action for Peter Rabbit, which would give him a step-by-step approach to become the next contestant and winner of the reality show: Rockin' Rabbit Star Search.
